

# ZEF - WASCAL - PAUWES Cooperation II

## West African Science Service Center on Climate Change and Adapted Land Use (WASCAL) and Pan African University - Institute of Water and Energy Sciences (PAUWES) - Phase II

Facilitated by the Center for Development Research (ZEF) of the University of Bonn, the cooperation with the West African Science Center on Climate Change and Adapted Land Use (WASCAL) and PAUWES aims to build strong networks and create synergies in their quests in the areas of energy and water resources. The project also aims to improve high quality education, particularly in research based education and improve the connection between both university partners and their successful establishment in the African and International scientific network.

### OUTPUT

### Key Activities and Events

- Training sessions at the University Abdou Moumouni in Niamey (Niger) and at the University Abomey-Calavi in Cotonou (Benin) has brought together 20 PAUWES MSc students (10 working on energy and 10 on water) with 10 WASCAL PhD and 10 MSc students from the two graduate schools, focusing on the same topics.
- A summer school at PAUWES with 20 WASCAL Students from Niamey and Cotonou.
- Internship of 10 PAUWES students at WASCAL Competence Centre and 4 African Centres of Excellence
- Establishment of the PAUWES data information system (PDIS)

### FACT SHEET

Sector : Water & Energy (Engineering and Policy)

Period : 1 Sept 2018 - 30 June 2020

Countries and Territories : Germany, Algeria, Niger, Benin

Budget : Approx. Eur 708,000

Centres of excellences: Burkina Faso, Ethiopia, Tanzania, Rwanda
